DECATUR CLUBS

Session: Fall 2019
Dates: Oct. 14 - Dec. 19

Class	Price	Grades	Description
Advanced Chess (PM) By Georgi Orlov	\$198.00	All	Advanced Chess club is offered for students rated 900 NW or higher. Join Decatur Chess, one of the top-ranked clubs in Seattle! Learn, play, have fun!
Art Wizards: Everyone Can Draw by Ilene Adler	\$247.50	All	In Art Wizards, kids learn to draw the things that kids find exciting. INDIVIDUALIZED LEARNING IN A GROUP SETTING. The most important part of learning to draw is learning to see. Many adults never developed that skill. Most teens, too. And all elementary students regardless of age need these skills. That's where we start. We give them all the information they need to be successful, but not so much that we stifle their imagination or limit their opportunities. With consistent and ongoing practice throughout the school year, our students are amazed at the progress they make. Projects include fish, birds and animals of all kinds, people, landscapes, still life, mythical creatures, movie characters and cartoons. We show them how to break down a scene or character so it comes out looking like what they intended. We show them how easy it can be when they know how to use chalk and oil pastels. They learn when it's better to use colored pencils and where markers and watercolor fit in. It's easy! It's exciting! It's rewarding! And it has a super-positive effect on all other subjects.
Artist Trading Cards by Elaine Woodhouse	\$261.00	All	Inspired by the Swedish Artist Vanci Stirnemann, students will create "Artist Trading Cards" (A.T.C's) to collect, share, or trade with family and friends. Virtually any art/craft technique or material can be used to create these miniature works of art (2 ½" x 3 ½"). Students will paint, weave, cut, fold or sew as many cards as they can imagine during class time. Each week a sample card is offered for inspiration and guidance, but individual creativity, experimentation, and risk taking is encouraged.
Basketball by One on One Sports	\$205.00	2-5	Join One on One Basketball this semester for After School Hoops®, an ideal after school activity for aspiring athletes. Basketball is a unique sport that combines upper and lower body motor-skill learning with an intense cardiovascular workout. Our organization has decades of experience teaching this sport in a motivating, inclusive and age-appropriate manor. After School Hoops® makes three guarantees: your child will learn, sweat and have fun!
Cooking Around the World By Seattle Cucina	\$250.00	3-5	Join us for # exciting weeks of cooking from around the world! Each week we will whip up a recipe from across the globe, including everything from sushi to Indian dosas! By the end of this series, students will have the practical skills necessary to begin cooking at home, and the knowledge necessary to eat food in a wholesome, nutritional, and sustainable manner. Class prices include a large snack. Accommodations for dietary restrictions made upon request 2 weeks prior- please email whatscooking@seattlecucina.com !
Creative Story Drama: Dragons Love Tacos By Stone Soup Theater	\$171.00	1-5	Join Stone Soup Theatre for a drama class on story-telling. We'll learn about basic story structure through dramatic play, and stage the story Dragons Love Tacos for performance. Unfortunately for dragons, where there are tacos, there is also salsa. And if a dragon accidentally eats salsa, it causes problems. Big problems. Join us for this exciting tale of dragons, food, and fire, and help bring this classic story to life.
Decatur AM Chess by Orlov Chess Academy	\$162.00	All	Advanced Chess club is offered for students rated 900 NW or higher. Join Decatur Chess, one of the top-ranked clubs in Seattle! Learn, play, have fun!
Decatur Debate Club by DebateAble	\$285.00	4-5	DebateAble Clubs make learning to debate fun while kids grow as critical thinkers, confident public speakers, and collaborative teammates. DebateAble's program was developed exclusively for kids in upper elementary grades, using games, activities and relevant topics to teach debaters to make and respond to arguments in an upbeat, positive environment-- with an emphasis on learning to consider both sides of any topic or issue. DebateAble empowers kids to find their own voices and listen to the voices of others! For more information, go to www.debateablekids.com . (NOTE: Students must participate in fall and/or winter session of debate club in order to register for Spring Tournament Session.)
Floor Hockey by One on One	\$190.00	3-5	Join One on One Athletics this winter for the awesome sport of Floor Hockey! We will play a game every week, and focus on stick fundamentals, offensive and defensive strategy, and having a great time exercising. We will be using soft rubber balls instead of hard pucks, and we will instate very serious rules with the sticks to ensure safety.

DECATUR CLUBS

Session: Fall 2019
Dates: Oct 14 - Dec. 19

Food Detectives by Seattle Cucina	\$250.00	1-2	Put your detective skills to the test in this fun and unique cooking series. We will investigate packaged foods like pancake mix, mac 'n' cheese, or even crackers, and learn to make them completely from scratch! Every class we will create a gourmet, home cooked version and use our detective skills to compare. We'll uncover tasty secrets through cooking, experiments and hands on projects that will be sure to shock you! Class prices include a large snack. Accommodations for dietary restrictions made if requested 2 weeks prior- please email whatscooking@seattlecucina.com !
Games, Art & Mobile Apps! by Creative Coding for Kids	\$372.00	3-5	Your child can code their own games, art, and (wait for it... mobile apps!) What? Yes, it's true. Our class for grades 3-5 is open to all experience levels. Students will bring their own ideas for the games and animations they wish to create, and our teachers will guide them towards their goals. A variety of challenges will supplement each coder's own projects, which they'll get to show in a presentation at the end of the class! Beginners will spend the first few lessons learning the basics of coding and how to use Scratch before diving into their own projects. Our classic Creative Coding experience is designed to be repeated as many times as desired, as each student continues to hone their skills through the individual assistance of our awesome instructors!
Golf by TGA	\$185.00	All	TGA brings the golf course to you! Our award-winning curriculum incorporates golf instruction, educational components, and character development lessons in a fun and nurturing environment. Students develop skills and understanding of the game through station-based activities and drills that increase in difficulty throughout our 5-level program. Come tee it up with TGA!
Improvisation by Stone Soup Theatre	\$213.00	2-5	Join Stone Soup Theatre for acting games and a class on improvisation. We'll teach you to trust making up your stories as you go, creating a wide range of characters and situations. Learn confidence, creativity, and basic acting skills as you work your way through a variety of different games. Concludes with a performance for families and friends.
Indoor Soccer by One on One	\$190.00	1-3	Join One on One this semester for After School Soccer. Skilled and experienced instructors will conduct an exciting and progressive session each week right after school. We will learn age-appropriate fundamentals, rules and strategies of the beautiful game, and have fun scrimmaging while focusing on teamwork, sportsmanship, and FUN!
Japanese Club	\$315.00	All Grades	The program covers: Learning first basic letters "Hiragana", Greetings, useful expressions, and introducing Japanese foods. Every session, students will experience traditional, cultural/subcultural events such as: Calligraphy, Tea ceremony, Japanese dance, Japanese food making, and Origami. Japanese snacks will be provided every time. Please let me know if your students have food allergies.
Jr. Coding by Creative Coding for Kids	\$306.00	1-2	Get them started early! This class for 1st and 2nd graders features a mixture of creative play and guided activities with tablets to get your children exposed to basic coding concepts. Students will learn about programming, then practice it for themselves in a variety of fun and creative exercises intended to develop computational thinking. At the end of the class, every student will get to present something they worked on for their friends, family, and classmates. Coders are welcome to repeat this course, receiving greater challenges each time until they are ready for our Core classes.
Lacrosse by TGA	\$205.00	All	We're facing off at TGA's Lacrosse Enrichment Program! Our curriculum combines LAX instruction, academic lessons, and life skills to create a fun and nurturing environment. Students develop cradling, passing, catching, and defending skills through station-based activities and games while coaches enforce a no-contact policy to ensure all players' safety. Come play with TGA!

Dates: Oct. 14 - Dec. 19

Machine Sewing By Little Hands Creations	\$225 (Th)/\$207 (F)	All	Students are invited to learn a skill they will use for a lifetime and a hobby they will forever enjoy...sewing! No experience necessary for boys and girls to learn the basics and beyond. New students will learn machine safety and beginner sewing techniques, while the more experienced students can expand on skills they already have. The class will begin with a simple project, then students will advance at their own pace to more exciting and challenging projects throughout the session. This class is designed to teach children with both beginning and advanced skills. Projects, which are constantly rotating during the quarter, include backpacks, phone cases, clothing, accessories, bags, games, stuffed animal and more! *For all new sewers, the first class of the session is mandatory, please contact
Magic: The Gathering by Math 'n' Stuff	\$245.00	3rd - 5th, or proficient understanding of Magic	Magic: The Gathering is a great card-based strategy game that combines elements of both chess and poker in which each player brings their own pieces into play. This program will be accessible for both new and experienced MTG players. Over the course, each participant will receive cards, skills, and knowledge to allow them to develop their skills and sense of the game that
